DW® MEGApix® CaaS™
bullet IP cameras.

Digital Watchdog® Increases MEGApix® CaaS™ Storage Options

New All-in-One 'Camera as a System' models provide 512GB and 1TB onboard storage options for more days of retention.

Digital Watchdog® (DW®), Digital Watchdog® (DW), the industry leader in digital recorders, surveillance cameras, peripherals and related management software, announces the expansion of storage capacity in our MEGApix CaaS IP cameras. All new and existing "Camera as a System" all-in-one models with DW Spectrum IPVMS pre-installed now support 512GB and 1TB local storage options for recording. The bullet models (DWC-MB44WiAC, DWC-MB44Wi650C and DWC-MB44LPRC) are available for now.

DW's CaaS edge solutions allow business owners to set up a complete single- or multi-site surveillance system with no additional server or NVR required (up to 30 CaaS systems can easily be merged using DW Spectrum IPVMS). These all-in-one systems operate as edge recorders, storing high-definition IP video locally. With up to 1TB of local storage, users can configure their CaaS cameras for up to 60 days of video retention before the storage is at capacity, allowing companies to comply with video retention policies without the need for a dedicated server. CaaS products can easily be managed via the full-featured DW Spectrum IPVMS server program preinstalled.

Features:

- All-in-one cameras, no server required
- 4MP 1/3" image sensor at real-time 30fps
- Vari-focal p-iris lens with motorized zoom and auto-focus*
- License plate recognition technology captures reflective license plates up to 50mph with up to 60' capture range (DWC-MB4LPRC5, DWC-MB4LPRC1T)
- Reliable performance under any lighting conditions (DWC-MB4LPRC5, DWC-MB4LPRC1T)
- Built-in 512GB and 1TB storage options for up to 60 days retained video*
- Easy to deploy with pre-loaded DW Spectrum IPVMS for out-of-the-box operation
- 24/7 access to live and recorded video feed
- Automatic installation and licensing with first power on
- Connect up to 30 MEGApix CaaS edge cameras
- True Wide Dynamic Range (WDR)*
- Dual recording option with Blackjack® NAS appliance
- Dual codecs (H.264, MJPEG) with simultaneous dual-stream
- Cold Start -40°F (-40°C)
- 60'-140' Smart IR™ with intelligent camera sync.*
- Smart DNR™ 3D digital noise reduction
- True day/night with mechanical IR cut filter*
- Programmable privacy zones
- Auto gain control (AGC)
- Auto white balance (AWB)
- Motion detection
- Two-way audio*
- Alarm sensor input and relay output
- Web server built-in
- PoE class 3 and DC12V
- Waterproof cabling
- UL listed
- ONVIF conformant, profile S
- NDAA compliant
- IP66 environmental-rated dust-tight and water-resistant
- 5 year warranty
