## DW® Announces New Partnership with SoundSecure™ for Audio Solutions in Security Systems

**SOUNDSECURE** 

**DW® Complete Surveillance Solutions**

**Cerritos, CA (October 28, 2019)** – [Digital Watchdog® \(DW®\)](#), the industry leader in digital recorders, surveillance cameras and related management software, is pleased to announce a new technology partnership with SoundSecure™, a newly launched product company offering audio solutions for security systems.

“We are thrilled to add SoundSecure™ to the portfolio of DW® technology partners,” said Patrick Kelly, Director of IP Video Solutions at DW®. “Our customers request audio integration on a daily basis. With a partner like SoundSecure™, we can together offer a more robust and more complete system.”

“SoundSecure™ began with the mission to offer cost-effective audio products with contemporary design to the physical security industry,” said company President Cameron

Javdani. “Our partnership with DW® advances that mission by offering a combined audio and video solution that is easy to install and easy to use.”

SoundSecure's flagship product, the SS-700 microphone, is compatible with all DW® cameras and recorders with audio inputs. Users can access both the camera stream and the audio stream synchronized together in the DW Spectrum® IPVMS.

## **ABOUT DW®**

DW® empowers our customers as the industry-leading single source of value-driven complete solutions for all video surveillance applications (Universal HD over Coax® / hybrid / IP enterprise), focusing on ease of use and ROI. DW® products offer technologically-advanced features including multi-sensor HD cameras at real-time 30fps, Star-Light Plus™ color in darkness technology, WDR, Smart DNR™ and Smart IR™. Complete IP megapixel surveillance solutions include single- and multi-sensor MEGApix® cameras and edge recording systems, Blackjack® servers and NAS devices, DW Spectrum® IPVMS for server, mobile and on-camera control. Complete Universal HD over Coax® surveillance solutions include single- and multi-sensor Star-Light Plus™ cameras, VMAX® DVRs and C3® remote management and event server software. DW® supports all video surveillance systems with SiteWatch™ motion detectors and NightWatch™ illuminators.

## **ABOUT SoundSecure™**

Founded in 2019, SoundSecure™ began with the mission to offer cost-effective audio products with contemporary design to the physical security industry. Created with the mainstream of the industry in mind, SoundSecure™ prioritizes customer satisfaction by making products easy to purchase, quick to install, and backed by a three-year warranty. With SoundSecure™ products, users can improve alarm verification, gather additional evidence from security events, and improve customer relations and business operations.
